Mr. Glenn R. Coffee

Greenup, KY 41144

Dear Mr. Coffee:

I received your letter regarding Mr. & Mrs. Callihan today. Please be advised that in order for the Cooperative to provide service to the Callihans in your name, Mr. Callihan would have to agree in writing to allow us to do so. His outstanding indebtedness would have to be paid.

Under normal circumstances, you would have to pay one month's deposit and a \$24.00 reconnect fee because you are not the property owner. However, as I told the Kentucky Public Service Commission some time ago, I will waive those fees in order to expedite this issue.

Service can be restored as soon as I receive a written agreement and payment in full.

Sincerely,

GRAYSON RURAL ELECTRIC
COOPERATIVE CORPORATION
